

# CODE OF CONDUCT

---

## Responsibility towards customers, distributors and suppliers.

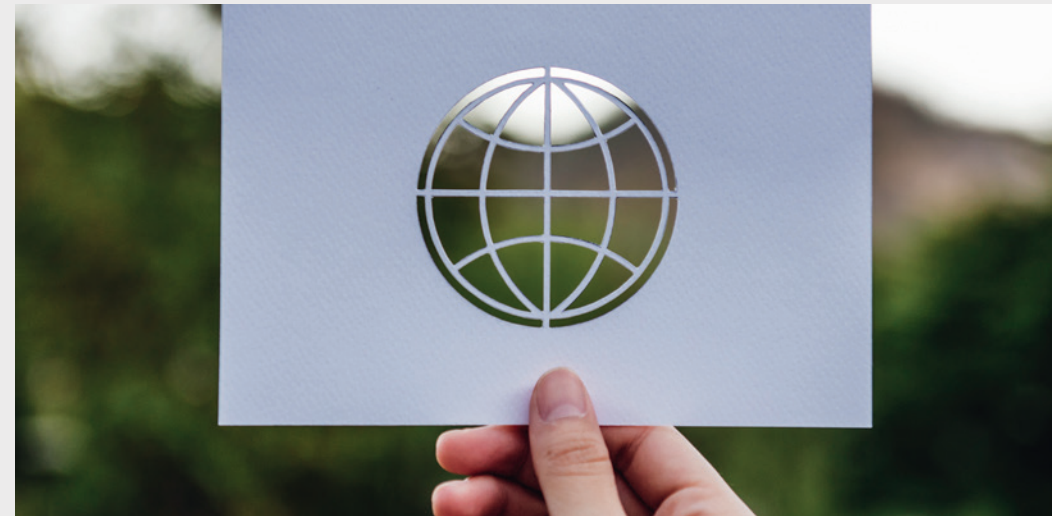

We aim to develop our activities through continuous improvement, research and innovation. We supply products, services and solutions which meet our customers' demands in terms of quality, safety and respecting the environment, in accordance with the strictest ethical standards: honesty, integrity, transparency and openness. STREIT Groupe encourages its suppliers to adopt this code of conduct.

---

## Corporate social responsibility CSE.

We take great care to respect the rules of transparency and sincerity concerning information provided for customers, investors, and the general public in all the countries which we work in.

STREIT Groupe is aware of the environmental and social effects of its investment or strategic decisions.

---

## Responsibility towards employees.

Our social policy is based on respecting our employees and their rights. It consists in providing good working and safety conditions, in rejecting all forms of discrimination and harassment, in promoting and fostering the development of skills and careers, and in enabling each person to derive satisfaction from his/her work.

---

## Responsibility towards the shareholder.

STREIT Groupe is committed to upholding its shareholder's interests and to regularly providing it with accurate, complete and transparent information about its activities, strategy and results.
